

Second CSG Payment - Message from CPB President and CEO Pat Harrison

Harrison, Patricia <events@cpb.org>

Thu 3/26/2020 1:47 PM

Dear Colleagues:

CPB's goal is to get vital resources to stations as quickly as possible during this time of need. To accomplish this, CPB will issue second CSG payments to stations utilizing EFT even if these stations have not yet filed required reports. We encourage stations that have not signed their Grant Agreements to do so now. We further encourage the remaining 38 grantees that have not yet converted from check to electronic payment to do so.

So, while payments will go out before CPB receives your reports, the reporting requirement is **not** being waived. These reports, which include an annual financial report (AFR/FSR), a Station Activity Survey, a Station Activities Benchmarking Study (television grantees only), and a Local Content and Service Report must be submitted to CPB by the established deadlines. Prompt submission of this information is critical, because it will be used to calculate next year's CSGs.

We stand ready to work with you as public media addresses the impact of the coronavirus pandemic.

Thank you,

Pat Harrison
