

Moodle Sample Proposal Library Accessing Files- Quick Guide

Step 1 - Log into your Moodle account. Under the 'My courses' tab, choose **ORSP Sample Proposal Library**.

Step 2 – Choose the sponsor and program for which you are submitting.

Step 3 – Available files can be opened or downloaded individually or the entire program folder can be downloaded.

The screenshot displays a web interface for an ORSP Sample Proposal repository. At the top, the title "ORSP Sample Proposal" is prominently displayed. Below this, a section titled "CAREER" contains a folder icon and two PDF files: "010UL-MJ_NSF-CAREER.pdf" and "018UL_SC_NSF-CAREER.pdf". To the right of the files, there are three buttons: "Download folder", "Edit", and "Return to: NSF ➔". Two blue arrows originate from the text above: one points to the folder icon, and the other points to the "Download folder" button.

Please note: The entirety of the available proposal samples are housed within this repository.
