On the University website, click the link for ULink.

In ULink, click on Cornerstone & Training.

In Cornerstone, click the hamburger (menu) icon.

Login to ULink using your ULID and password.
In the menu that opens, click “Learning.”

Then “Learning Search.”
In the “Search” window, type “Security.”

Choose: “Everfi - Data Security and Privacy 9/20”
When the course opens click, “Launch”

When you get this window, contact ITHelp, because a pop-blocker that you can’t fix has blocked it. Or try using your personal computer to perform a work related task.
